# Puffy Sidewalk Paint

An easy DIY sidewalk paint recipe that is puffy!

Prep Time 15 mins

Total Time 15 mins

Keyword: puffy sidewalk paint, sidewalk paint Servings: 1 bottle

## Ingredients

- 1 cup flour
- 1 cup water
- 1 TBSP dish soap
- 1 piece sidewalk chalk
- 1 unit plastic squeeze bottle

## Instructions

Mix 1 cup of flour with 1 cup of water.

2. Add 1 tablespoon of dish soap.

3. Mix well until all clumps are gone.
4. Now using a cheese grater, grate the sidewalk chalk piece on the finest setting in the color of your choice. We did red, orange, yellow, green, blue and purple.

5. We used between a 1/2 to 1 full sidewalk chalk piece. Depending on how bright you want the color to be you can mix in more if needed. You can also reuse old chalk pieces that are small.
6. Mix well to combine the color. Add more grated sidewalk chalk in if the color is not bright enough.
7. Now take a funnel and pour the paint into a squeeze bottle.

## Notes

Recipe good for 1 day. Use within a day. Also do not leave the paint inside the squeeze bottles overnight or the pressure from the mixture may cause the tops to pop off.
